

# Right Angle Weave

# General Instructions

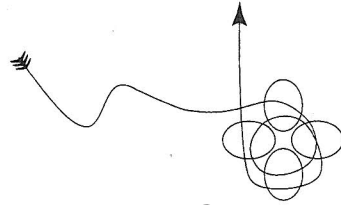

1

Thread on 4 beads leaving a six inch tail to bury later. Needle back through the same beads.

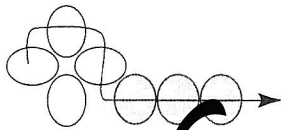

2

Pull thread taut forming a circle. There will be two layers of thread through each bead.

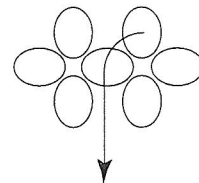

3

Needle through two more beads to secure the thread. Add three more beads.

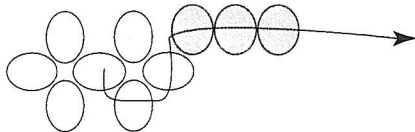

4

Needle through previous square forming a second square.

5

Needle through two beads to position the needle for the next square. Add three more beads.

6

Needle through previous square.
